* The value of the Messages under Foreign Traffic, columns 8, 10, and 12, represents the Indian share of charge.

† The decrease is owing to the transfer of the Government Meteorological Reports from the Free List to the Paying List; the fact of there being no diminution in value of messages is traceable to Mail Steamer Reports transmitted under *precedence* signal being charged under "Urgent" tariff.

* The value of the Messages under Foreign Traffic, columns 8, 10, and 12, represents the Indian share of charge.
† The decrease is owing to the transfer of the Government Meteorological Reports from the Free List to the Paying List; the fact of there being no diminution in value of messages is traceable to Mail Steamer Reports transmitted under *precedence* signal being charged under "Urgent" tariff.
‡ Excluding Telegraph Service.
